Have product questions? Need technical support? Please feel free to contact us:

Technical Support and E-Warranty Certificate
www.vevor.com/support

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

Warning:

1. Do not allow children to climb on the unit.
2. Keep children and pets away during assembly.

ASSEMBLY PRECAUTIONS

1. Please assemble the product in strict accordance with the instructions. Incorrect assembly could be hazardous.
2. Please wear safety goggles and work gloves properly during assembly.
3. Do not try to assemble the product when feeling tired or when under the influence of alcohol, drugs or medication.
4. Separate and count all parts and hardware.
5. Prepare the following tool: Philips Head Screwdriver.
6. If using power tools, please be careful to slow down and stop when needed.
7. Two people are required for assembly.
8. Follow the intended uses only. Do not sit or stand on the above.

Parts List

Item	QTY	Item	QTY
	4		4
	4		4
	4		32

Assemble Steps

STEP 1

Fix caster with screws

STEP 2

Open the feet

STEP 3

Fix 4 feet with screws

STEP 4

Insert the opposite pipe and lock them

STEP 5

Insert the last opposite pipe and lock them

STEP 6

Assemble feet

STEP 7

Tighten the fixing nut

STEP 8

Stick four non-slipping mats

Notice

1. It will be easier if you fix 1/2 of the screws first, and then fix all the screws,when tightening the fixing foot and wheel screws.
2. If you want to adjust the length of the pipes, please adjust the opposite one at the same time, don't forget to lock it when you finish it.
3. If you want to move the mobile base, please adjust the height of the feet to the shortest before move it. make sure the rotating wheels bear the weight.
4. When it needs to be fixed, please make sure that the height of the adjusting lifting wheels are higher than the rotating wheels, and tighten fixing screws.
5. After adjusting the height of the feet, please tighten the fixing nut, and lock the lifting wheel height immediately
6. When installing the aluminum pipe, please make sure that the pipe is inserted into the mold with the same length

7. When adjusting the height of the feet, make sure that the air bubbles in each horizontal tube remain in the middle.

8. During the assembly of the square tube, the length of the plastic support legs inserted at both ends should be consistent to avoid uneven stress and impact on load-bearing.

9. When assembling the support feet, the foot rest should be removed first, and then the 4 screws that fix the support foot seat should be installed, otherwise the foot rest will interfere with the screwdriver when directly assembling the screws.

10. After assembly, when placing the washing machine, it is important to ensure that all four corners are under stress simultaneously, and the support rod between the two legs cannot be prioritized for load-bearing.

Avis

1. Ce sera plus facile si vous fixez d'abord la moitié des vis, puis fixez toutes les vis lors du serrage du pied de fixation et des vis de roue.
2. Si vous souhaitez ajuster la longueur des tuyaux, veuillez ajuster l'inverse un en même temps, n'oubliez pas de le verrouiller lorsque vous l'avez terminé.
3. Si vous souhaitez déplacer la base mobile, veuillez régler la hauteur des

pieds au plus court avant de la déplacer. assurez-vous que les roues en rotation supportent le poids.

4. Lorsqu'il doit être fixé, assurez-vous que la hauteur des roues de levage de réglage est supérieure à celle des roues rotatives et serrez les vis de fixation.

5. Après avoir réglé la hauteur des pieds, veuillez serrer l'écrou de fixation et verrouiller immédiatement la hauteur de la roue de levage.

6. Lors de l'installation du tuyau en aluminium, assurez-vous que le tuyau est
inséré dans le moule avec la même longueur

7. Lors du réglage de la hauteur des pieds, assurez-vous que les bulles d'air
chaque tube horizontal reste au milieu.

8. Lors de l'assemblage du tube carré, la longueur des pieds de support en plastique insérés aux deux extrémités doit être cohérente pour éviter des contraintes inégales et des impacts sur la portance.

9. Lors de l'assemblage des pieds de support, le repose-pieds doit d'abord être retiré, puis les 4 vis qui fixent le siège du pied de support doivent être installées, sinon le repose-pieds interférera avec le tournevis lors de l'assemblage direct des vis.

10. Après l'assemblage, lors de la mise en place de la machine à laver, il est important de s'assurer que les quatre coins sont soumis à des contraintes simultanément et que la tige de support entre les deux pieds ne peut pas être prioritaire pour supporter la charge.

Warnung:

1. Erlauben Sie Kindern nicht, auf das Gerät zu klettern.
2. Halten Sie Kinder und Haustiere während der Montage fern.

VORSICHTSMASSNAHMEN BEI DER MONTAGE

1. Bitte bauen Sie das Produkt unter strikter Einhaltung der Anweisungen zusammen. Eine falsche Montage kann gefährlich sein.
2. Bitte tragen Sie bei der Montage ordnungsgemäß eine Schutzbrille und Arbeitshandschuhe.
3. Versuchen Sie nicht, das Produkt zusammenzubauen, wenn Sie sich müde fühlen oder unter dem Einfluss von Alkohol, Drogen oder Medikamenten stehen.
4. Trennen und zählen Sie alle Teile und Hardware.
5. Bereiten Sie das folgende Werkzeug vor: Kreuzschlitzschraubendreher.
6. Wenn Sie Elektrowerkzeuge verwenden, achten Sie bitte darauf, langsamer zu fahren und bei Bedarf anzuhalten.
7. Für den Aufbau sind zwei Personen erforderlich.
8. Befolgen Sie nur die vorgesehenen Verwendungszwecke. Setzen oder stehen Sie nicht darauf.

Beachten

1. Es ist einfacher, wenn Sie beim Festziehen des Befestigungsfußes und der Radschrauben zuerst die Hälfte der Schrauben und dann alle Schrauben befestigen.
2. Wenn Sie die Länge der Rohre anpassen möchten, stellen Sie bitte das Gegenteil ein
Vergessen Sie nicht, es zu verriegeln, wenn Sie damit fertig sind.
3. Wenn Sie die mobile Basis bewegen möchten, stellen Sie bitte die Höhe der Füße auf die kürzeste Höhe ein, bevor Sie sie bewegen. Stellen Sie sicher, dass die rotierenden Räder das Gewicht tragen.
4. Wenn es befestigt werden muss, stellen Sie bitte sicher, dass die Höhe der verstellbaren Hubräder höher ist als die der rotierenden Räder, und ziehen Sie die Befestigungsschrauben fest.
5. Nachdem Sie die Höhe der Füße eingestellt haben, ziehen Sie bitte die Befestigungsmutter fest und arretieren Sie sofort die Höhe des Hubrads
6. Achten Sie bei der Installation des Aluminiumrohrs darauf, dass das Rohr fest ist
mit gleicher Länge in die Form eingelegt
7. Achten Sie bei der Höhenverstellung der Füße darauf, dass Luft eindringt
jedes horizontale Rohr bleibt in der Mitte.
8. Bei der Montage des Vierkantrohrs sollte die Länge der an beiden Enden eingesetzten Kunststoff-Stützbeine gleichmäßig sein, um ungleichmäßige Belastungen und Stöße auf die Tragfähigkeit zu vermeiden.

9. Bei der Montage der Stützfüße sollte zuerst die Fußstütze entfernt werden und dann die 4 Schrauben, die den Stützfußsitz befestigen, installiert werden, da sonst die Fußstütze beim direkten Zusammenbau der Schrauben mit dem Schraubendreher in Konflikt gerät.

10. Nach dem Zusammenbau ist beim Aufstellen der Waschmaschine darauf zu achten, dass alle vier Ecken gleichzeitig belastet werden und die Stützstange zwischen den beiden Beinen nicht zur Lastaufnahme priorisiert werden kann.

Avvertimento:

1. Non permettere ai bambini di salire sull'unità.
 2. Tenere lontani i bambini e gli animali domestici durante il montaggio.
- ### PRECAUZIONI DI MONTAGGIO
1. Si prega di assemblare il prodotto attenendosi rigorosamente alle istruzioni. Un montaggio errato potrebbe essere pericoloso.
 2. Indossare correttamente occhiali protettivi e guanti da lavoro durante il montaggio.
 3. Non tentare di montare il prodotto quando ci si sente stanchi o sotto l'effetto di alcol, droghe o farmaci.
 4. Separare e contare tutte le parti e l'hardware.
 5. Preparare il seguente strumento: cacciavite a croce.
 6. Se si utilizzano utensili elettrici, fare attenzione a rallentare e fermarsi quando necessario.
 7. Per il montaggio sono necessarie due persone.
 8. Seguire solo gli usi previsti. Non sedersi o stare in piedi su quanto sopra.

Avviso

1. Sarà più semplice se si fissa prima metà delle viti, quindi si fissano tutte le viti quando si stringono il piedino di fissaggio e le viti della ruota.
2. Se si desidera regolare la lunghezza dei tubi, regolare il contrario uno alla volta, non dimenticare di chiuderlo a chiave quando lo finisci.
3. Se si desidera spostare la base mobile, regolare l'altezza dei piedini al minimo prima di spostarla. assicurarsi che le ruote girevoli sostengano il peso.
4. Quando è necessario ripararlo, assicurarsi che l'altezza delle ruote di sollevamento regolabili sia superiore a quella delle ruote rotanti e serrare le viti di fissaggio.
5. Dopo aver regolato l'altezza dei piedini, stringere il dado di fissaggio e bloccare immediatamente l'altezza della ruota di sollevamento
6. Quando si installa il tubo in alluminio, assicurarsi che il tubo sia inserito nello stampo con la stessa lunghezza

7. Quando si regola l'altezza dei piedini, assicurarsi che vi siano bolle d'aria
ogni tubo orizzontale rimane al centro.

8. Durante l'assemblaggio del tubo quadrato, la lunghezza delle gambe di supporto in plastica inserite su entrambe le estremità deve essere coerente per evitare sollecitazioni irregolari e impatti sul carico.

9. Quando si montano i piedini di supporto, è necessario rimuovere prima il poggipiedi e poi installare le 4 viti che fissano il sedile del piede di supporto, altrimenti il poggipiedi interferirà con il cacciavite durante il montaggio diretto delle viti.

10. Dopo il montaggio, quando si posiziona la lavatrice, è importante assicurarsi che tutti e quattro gli angoli siano sollecitati contemporaneamente e che l'asta di supporto tra le due gambe non possa avere la priorità come portante.

Aviso

1. Será más fácil si fija primero la mitad de los tornillos y luego fija todos los tornillos, al apretar el pie de fijación y los tornillos de la rueda.
2. Si desea ajustar la longitud de las tuberías, ajuste lo contrario uno al mismo tiempo, no olvides cerrarlo cuando lo termines.
3. Si desea mover la base móvil, ajuste la altura de los pies al mínimo antes de moverla. asegúrese de que las ruedas giratorias soporten el peso.

4. Cuando sea necesario arreglarlo, asegúrese de que la altura de las ruedas elevadoras de ajuste sea mayor que la de las ruedas giratorias y apriete los tornillos de fijación.
5. Después de ajustar la altura de los pies, apriete la tuerca de fijación y bloquee la altura de la rueda elevadora inmediatamente.
6. Al instalar el tubo de aluminio, asegúrese de que el tubo esté insertado en el molde con la misma longitud
7. Al ajustar la altura de los pies, asegúrese de que las burbujas de aire en cada tubo horizontal permanece en el medio.
8. Durante el montaje del tubo cuadrado, la longitud de las patas de soporte de plástico insertadas en ambos extremos debe ser constante para evitar tensiones desiguales e impactos en la carga.
9. Al ensamblar los pies de soporte, primero se debe quitar el reposapiés y luego se deben instalar los 4 tornillos que fijan el asiento del pie de soporte; de lo contrario, el reposapiés interferirá con el destornillador al ensamblar directamente los tornillos.
10. Después del montaje, al colocar la lavadora, es importante asegurarse de que las cuatro esquinas estén bajo tensión simultáneamente y que no se pueda priorizar la barra de soporte entre las dos patas para soportar la carga.

Ogłoszenie

1. Będzie łatwiej, jeśli najpierw przykręcisz 1/2 śrub, a następnie dokręcisz wszystkie śruby, dokręcając stopkę mocującą i śruby koła.
2. Jeśli chcesz wyregulować długość rur, wyreguluj odwrotnie jeden na raz, nie zapomnij zamknąć go, kiedy skończysz.
3. Jeśli chcesz przenieść podstawę mobilną, przed jej przeniesieniem ustaw wysokość nóżek na najkrótszą. upewnij się, że obracające się koła wytrzymają ciężar.
4. Jeśli zachodzi potrzeba zamocowania, upewnij się, że wysokość regulowanych kół podnoszących jest wyższa niż wysokość kół obrotowych i dokręć śruby mocujące.
5. Po wyregulowaniu wysokości nóżek dokręć nakrętkę mocującą i natychmiast zablokuj wysokość koła podnoszącego
6. Podczas montażu rury aluminiowej należy upewnić się, że jest ona prawidłowo zamontowana
włożone do formy o tej samej długości

7. Regulując wysokość nóżek należy zwrócić uwagę, aby do środka dostały się pęcherzyki powietrza
każda pozioma rura pozostaje na środku.

8. Podczas montażu rury kwadratowej długość plastikowych wsporników umieszczonych na obu końcach powinna być jednakowa, aby uniknąć nierównomiernych naprężeń i wpływu na nośność.

9. Przy montażu nóżek należy najpierw zdemontować podnózek, a następnie wkręcić 4 śruby mocujące siedzisko podpórki, w przeciwnym razie podnózek będzie kolidował ze śrubokrętem przy bezpośrednim montażu śrub.

10. Po montażu, podczas ustawiania pralki, ważne jest, aby wszystkie cztery rogi były obciążone jednocześnie, a pręt nośny pomiędzy obiema nogami nie mógł być traktowany priorytetowo jako nośny.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

Waarschuwing:

1. Laat kinderen niet op het apparaat klimmen.
 2. Houd kinderen en huisdieren tijdens de montage uit de buurt.
- ### MONTAGEVOORZORGSMATREGELEN
1. Monteer het product strikt volgens de instructies. Een onjuiste montage kan gevaarlijk zijn.
 2. Draag tijdens de montage een veiligheidsbril en werkhandschoenen.
 3. Probeer het product niet in elkaar te zetten als u zich moe voelt of onder invloed bent van alcohol, drugs of medicijnen.
 4. Scheid en tel alle onderdelen en hardware.
 5. Houd het volgende gereedschap gereed: kruiskopschroevendraaier.
 6. Als u elektrisch gereedschap gebruikt, zorg er dan voor dat u langzamer gaat rijden en stopt wanneer dat nodig is.
 7. Voor de montage zijn twee personen nodig.
 8. Volg uitsluitend het beoogde gebruik. Ga niet op het bovenstaande zitten of staan.

Onderdelen lijst

Item	QTY	Item	QTY
	4		4
	4		4
	4		32

Monteer stappen

STEP 1

Fix caster with screws

STEP 2

Open the feet

STEP 3

Fix 4 feet with screws

STEP 4

Insert the opposite pipe and lock them

STEP 5

Insert the last opposite pipe and lock them

STEP 6

Assemble feet

STEP 7

Tighten the fixing nut

STEP 8

Stick four non-slipping mats

Kennisgeving

1. Het zal gemakkelijker zijn als u eerst de helft van de schroeven vastdraait en vervolgens alle schroeven vastdraait, terwijl u de bevestigingsvoet en de wielschroeven vastdraait.
2. Als je de lengte van de pijpen wilt aanpassen, pas dan het tegenovergestelde aan één tegelijk, vergeet niet om het te vergrendelen als u klaar bent.
3. Als u de mobiele basis wilt verplaatsen, stel dan de hoogte van de voeten zo kort mogelijk in voordat u deze verplaatst. zorg ervoor dat de draaiende wielen het gewicht dragen.
4. Als het moet worden bevestigd, zorg er dan voor dat de hoogte van de verstelbare hefwielen hoger is dan de roterende wielen en draai de bevestigingsschroeven vast.
5. Nadat u de hoogte van de voeten hebt aangepast, draait u de bevestigingsmoer vast en vergrendelt u de hoogte van het hef wiel onmiddellijk

6. Zorg er bij het installeren van de aluminium buis voor dat de buis dat is met dezelfde lengte in de mal gestoken

7. Zorg er bij het verstellen van de hoogte van de voeten voor dat er lucht naar binnen borrelt

elke horizontale buis blijft in het midden.

8. Tijdens de montage van de vierkante buis moet de lengte van de aan beide uiteinden geplaatste kunststof steunpoten consistent zijn om ongelijkmatige spanning en impact op de belasting te voorkomen.

9. Bij het monteren van de steunvoeten moet eerst de voetsteun worden verwijderd en vervolgens moeten de 4 schroeven waarmee de steunvoetzitting wordt bevestigd worden geïnstalleerd, anders zal de voetsteun de schroevendraaier hinderen bij het direct monteren van de schroeven.

10. Na montage is het bij het plaatsen van de wasmachine belangrijk om ervoor te zorgen dat alle vier de hoeken tegelijkertijd onder spanning staan en dat de steunstang tussen de twee poten niet voorrang kan krijgen bij het dragen.

Varning:

1. Låt inte barn klättra på enheten.
 2. Håll barn och husdjur borta under monteringen.
- ### FÖRSIKTIGHETSÅTGÄRDER FÖR MONTERING
1. Vänligen montera produkten i strikt enlighet med instruktionerna. Felaktig montering kan vara farligt.
 2. Använd skyddsglasögon och arbetshandskar ordentligt under monteringen.
 3. Försök inte att sätta ihop produkten när du känner dig trött eller är påverkad av alkohol, droger eller medicin.
 4. Separera och räkna alla delar och hårdvara.
 5. Förbered följande verktyg: Philips huvudskruvmejsel.
 6. Om du använder elverktyg, var noga med att sakta ner och stanna vid behov.
 7. Två personer krävs för montering.
 8. Följ endast avsedd användning. Sitt eller stå inte på ovanstående.

Lägga märke till

1. Det blir enklare om du fäster 1/2 av skruvarna först, och sedan fäster alla skruvarna, när du drar åt fästfoten och hjulskruvarna.
2. Om du vill justera längden på rören, vänligen justera motsatsen en på samma gång, glöm inte att låsa den när du är klar.
3. Om du vill flytta den mobila basen, vänligen justera höjden på fötterna till det kortaste innan du flyttar den. se till att de roterande hjulen bär vikten.
4. När den behöver fixas, se till att höjden på de justerbara lyfthjulen är högre än de roterande hjulen, och dra åt fästskruvorna.
5. Efter att ha justerat höjden på fötterna, dra åt fästmuttern och lås lyfthjulets höjd omedelbart
6. När du installerar aluminiumröret, se till att röret är sätts in i formen med samma längd
7. När du justerar höjden på fötterna, se till att luften bubblar in varje horisontellt rör förblir i mitten.

8. Under monteringen av fyrkantsröret ska längden på plaststödbenen som är insatta i båda ändar vara konsekvent för att undvika ojämn påfrestning och påverkan på lastbärandet.

9. Vid montering av stödfötterna ska fotstödet tas bort först, och sedan ska de 4 skruvarna som fixerar stödfotssätet monteras, annars kommer fotstödet att störa skruvmejseln vid direktmontering av skruvarna.

10. Efter montering, vid placering av tvättmaskinen, är det viktigt att se till att alla fyra hörnen är under påfrestning samtidigt och att stödstången mellan de två benen inte kan prioriteras för bärande.
