FISHING CART

MODEL: YK-500

We continue to be committed to provide you tools with competitive price.

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

1. Please check and confirm that the cart is intact and the tire pressure is normal before each use. Please inflate a little before using the wheels, and be careful not to over-inflate! Maximum inflation pressure 2-3psi, the maximum diameter of the wheel after inflation should not exceed 33cm (13-inch)!
2. It is forbidden to carry people at any condition.
3. It is forbidden to load articles on uneven and hilly terrains.
4. Overload is strictly prohibited.
5. Don't move too fast when passing potholes areas.
