### **FISHING CART**

### **MODEL: YK-600**

We continue to be committed to provide you tools with competitive price. "Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

## STRUCTURE DIAGRAM

# INSTALLATION

**Step 1:** Open the frame. There is a fixing at each end of the frame, tighten it.

**Step 2:** Install the front and rear four wheels.

Insert the T-bars installed in the previous step into the pre-drilled holes in the frame.

Install the screws and spacers, being careful not to tighten the screws too much.

When installing, please note that the side of the wheel with the inflatable valve core is displayed facing outward.

**Step 3: Mounting the handle.**

**Step 4:** Install all rod barrels, then wheels.

Tighten the screws with a wrench, please note that do not over-tighten them.

**Step 5:** Unfold the bag, which has 8 Velcro straps for attaching the bag to the frame.

**Step 6:** Installation complete and pump up the tire before use.

## MAINTENANCE

1. Clean the surface after each use .
2. Please check and confirm that the cart is intact and the tire pressure is normal before each use.
3. Check that the bolts are tight.
