SAVE THESE INSTRUCTIONS

Assembly Instruction

1. Unlock the extension poles and measure the maximum extension length. Make the extension poles about 3-5cm longer than the ceiling height and lock the poles. Making the extension poles a little bit higher than the ceiling will secure the poles tightly standing upright between the floor and ceiling.
2. Use a double sided tape to stick the film before installing the extension pole.

3. Lift the film with extension poles and install the extension pole on the appropriate position you need, fasten and lock it.

4. Find the right place you want to make a door and stick the magnetic zipper on the appropriate place of the film sheeting.

- ① Flow the "stick this side" sign and stick the double sided tape on the magnetic zipper door. Leave a small gap in the middle of zipper in case the glue stick together.
- ② Find the correct place you want to make a temporary

door peel off the release paper and stick the magnetic zipper on the film. Please make sure you stick the zipper on the correct height position you need.

③ Press the film with the zipper to make sure they stick together firmly.

④ Cut off the film in the middle of the magnetic zipper. Please be noted that cutting the film from rear side of zipper in case of cutting the zipper accidentally.
