## SAFETY PRECAUTIONS

### WARNING:

**Read this instructions** before using this product. Failure to do so can result in serious injury. the basic precautions should always be followed,including the following:

Read all instructions carefully.

Keep it away from children!

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance.Cleaning and user maintenance shall not be made by children without supervision.

To avoid electrical shock:

- 1) DO NOT run the cleaner continuously for more than one hour at a time, as doing so can damage the internal components.
- 2) Do keep the lid on during use. This will prevent splashes and reduce evaporation of the fluid.
- 3) Never immerse the machine or power cord in water or other liquid.
- 4) DO NOT touch the power plug with wet hands, especially when inserting or removing the plug.
- 5) DO NOT touch the unit if the machine has fallen into water during operation.Remove the power plug from the socket first.
- 6) DO NOT disassemble the machine, except by professionals.
- 7) UNPLUG the power source while filling or emptying the vessel.
- 8) DO NOT spray water or liquid over the device and the control panel.
- 9) DO NOT operate the cleaner without proper grounding.
- 10) Upon completion of the cleaning cycle, turn the heater knob off and isolate the machine from the power source.
- 11) Take care when adding or removing items from the cleaning tank as the fluid is likely to be hot and displaced fluid can damage the internal components .Any displaced fluid must be dried up immediately.

12)In the event of a malfunction/emergency,disconnect the power supply by removing the power plug from the electrical outlet.

13)When heating is required, the water level should not be less than 2/3 full

14)If the supply cord is damaged, it must be replaced by a special cord or assembly available from the manufacturer or its service agent.

## PRODUCT DESCRIPTION

	LPV-25	LPV-30	LPV-35	LPV-40
Number of atomizer cavity				
Ultrasonic Mist Maker Waterproof rating	IP68			
Power Supply				
Power Supply Waterproof rating	IP67			
Input voltage	120V~ 60Hz	AC220V- 240V 50Hz	120V~ 60Hz	AC220V-240 V 50Hz
Output voltage	DC45V-48V			
Plug type	American plugs	Australian plugs	American plugs	European plugs

## PRODUCT USAGE

Automatically fog for 5-65°  
water temperature

Power off in Low and high  
temperature

The best installation water level is 2 cm above the inductor, and water should be added after atomization for some time, so as to avoid dry burning and damage to the atomizer.

# REMOVABLE ATOMIZER CAVITY

## USAGE SCENARIOS

Humidifying accessories

Fish pond fogging

Disinfect

Fogging in the restaurant

Scenic fogging

Landscape fogging

Humidify fruits and vegetables

Industrial humidification
