USER MANUAL

We continue to be committed to provide you tools with competitive price. "Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

NOTE: In order to facilitate the user to install this product, we have connected two fences in a group with the S-shaped buckle. If the user does not need the fence to be connected together, they can disassemble it themselves.

Rubber/Wooden Hammer

Tips: Please prepare the rubber/wooden hammer before installation (not included with the product).

Assembly Instructions

NOTE: The feet of the fence are sharp, and protective gloves should be worn when installing them. At the same time, pay attention to prevent the fence foot from stabbing feet and other parts of the body.

Connect B with A

Install the S-shaped buckle

Hold the fence with your hand and press it into the fence with your thumb along the opening direction of the S-shaped buckle.

Remove the S-shaped buckle

Hold the fence in your hand and pull it off with your fingers in the opposite direction of the S-buckle opening direction.

Select the appropriate mode according to your needs. If the ground is relatively hard and difficult to install, it is recommended to use a rubber hammer or wooden hammer to strike.

NOTE: Users can further strengthen the connection between the fences using the rolling tape according to their own needs.
