This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

SAFETY INSTRUCTIONS

WARNING: This product contains small parts. If swallowed, it will pose a choking hazard. Keep these small parts away from children !

1. Before installation, take protective measures to avoid personal injury!

EYE PROTECTION FOOT PROTECTION DUST MASK PROTECTION WEAR

2. The product must be installed on a wooden or concrete wall. Before installation, ensure that the bearing capacity of the wall does not exceed the maximum bearing capacity ! Please strengthen the structure of the wall in time to consolidate the bearing capacity of the wall ! Otherwise, the product may be damaged or personal injury may occur !
3. This product is for indoor use only. Outdoor use may cause product damage or personal injury.
4. Please check and confirm whether the screws are loose every two months.
5. At least two people to complete the installation.
6. Ensure that you have read the instructions and fully understood how to install. If you do not understand any of the installation steps, contact a professional installation personnel.
7. Do not overload ! Maximum capacity : **250 lbs** /per layer (**evenly distributed**)

Installation Preparation:

MODEL AND PARAMETERS

Model	LL2448
Number of Layers	2
Shelving Surface Size	48x24 inch
Maximum Bearing Capacity	250 lbs /per layer (500lbs in total)
Material	Steel
Color	Black

STRUCTURE DIAGRAM

1.Brackets 2.Shelf 3.Hooks

COMPONENTS

No.	Picture	Name	Qty
1		Left Bracket	2
2		Right Bracket	2
3		Shelf	4
4		Beam	4
5		Hook	4
6		L-shaped Wrench	1
7		Positioning Paper	1
8		Micro Level Vial	1
9		Expansion Plug-12*58	12
10		Washer-8.5	12
11		Hexagon Self-tapping Screw-8*60	12
12		Cable Ties-12*250	8
13		Bolt-M4*8	8
14		User Manual	1

ASSEMBLY

STEP 1-A : Installation on Solid Concrete Walls

1. Paste the positioning paper to the appropriate height, glue the Micro level vial to adjust the level, and then use the jackhammer to lightly drill out the anchor points.
2. Remove the positioning paper and drill holes($\varnothing 12 \times 60 \text{mm}$) into the wall. (The positioning paper should be reused 2 times.)

3. After clearing the residual soil in the hole, tap the expansion plug

into the hole completely.

4. Install and fix the left and right bracket. The screw must be screwed in completely and press tightly !

STEP 1-B : Installation on Wooden Wall Post

1. Paste the positioning paper to the appropriate height, glue the

Micro level vial to adjust the level, and then use the jackhammer to lightly drill out the anchor points.

2. Remove the positioning paper and drill holes($\Phi 5.5 \times 60\text{mm}$) into the wall. (The positioning paper should be reused 2 times.)

3. Install and fix the left and right bracket. The screw must be screwed in completely !

STEP 2 : Mounting The Beam

STEP 3 : Installation of The Shelf

The working face faces up.

The shelf is stuck into the card slot.

Use 2 cable ties to fix the grid and bracket.

STEP 4 : Mounting Hook

MAINTENANCE

1. Do not overload.
2. Please try to avoid putting wet items on shelves. Keep the warehouse not too wet.
3. Please check and confirm whether the screws are loose every two months.
4. Dust off regularly with a clean rag, and arrange items neatly on shelves.

SAFETY INSTRUCTIONS

OSTRZEŻENIE : Ten produkt zawiera małe części. W przypadku połknięcia istnieje ryzyko zadławienia. Trzymaj te małe części z dala od dzieci!

31. Przed montażem należy podjąć środki ostrożności, aby uniknąć obrażeń ciała !

OCHRONA OCZU OCHRONA STÓP Noś maskę przeciwpylewą

32. Produkt musi być zainstalowany na ścianie drewnianej lub betonowej. Przed montażem upewnij się, że nośność ściany nie przekracza maksymalnej nośności! Proszę wzmocnić konstrukcję ściany na czas, aby skonsolidować nośność ściany! W przeciwnym razie produkt może zostać uszkodzony lub może dojść do obrażeń ciała!

33. Ten produkt jest przeznaczony wyłącznie do użytku wewnątrz pomieszczeń. Stosowanie na zewnątrz może spowodować uszkodzenie produktu lub obrażenia ciała.

34. Proszę co dwa miesiące sprawdzać, czy śruby nie są poluzowane.

35. Do wykonania instalacji potrzebne są co najmniej dwie osoby .

36. Upewnij się, że przeczytałeś instrukcję i w pełni zrozumiałeś sposób instalacji. Jeśli nie rozumiesz żadnego z kroków instalacji, skontaktuj się z profesjonalnym personelem instalacyjnym.

7. Nie przeciążaj ! Maksymalna ładowność: **250 funtów** / na warstwę

----	--	--------------------	---

ASSEMBLY

KROK 1-A: Montaż na ścianach z litego betonu

21. Przyklej papier pozycjonujący na odpowiedniej wysokości, przyklej mikropoziomicę, aby wyregulować poziom, a następnie lekko wywierć punkty kotwienia za pomocą młota pneumatycznego .

22. Usuń papier pozycjonujący i wywierć otwory ($\Phi 12 \times 60 \text{mm}$) w ścianie. (Papier pozycjonujący należy wykorzystać ponownie 2 razy.)

23. Po usunięciu resztek ziemi z otworu, należy dokładnie wbić kołek rozporowy w otwór.

24. Zamontuj i zamocuj lewy i prawy wspornik. Śruba musi być wkręcona całkowicie i mocno dociśnięta!

KROK 1-B: Montaż na słupku ściennym z drewna

16. Przyklej papier pozycjonujący na odpowiedniej wysokości, przyklej mikropoziomicę, aby wyregulować poziom, a następnie lekko wywierć punkty kotwiczenia za pomocą młota pneumatycznego .

17. Usuń papier pozycjonujący i wywierć otwory ($\varnothing 5,5 \times 60$ mm) w ścianie. (Papier pozycjonujący należy wykorzystać ponownie 2 razy.)

18. Zamontuj i zamocuj lewy i prawy wspornik. Śruba musi być

wkręcona całkowicie!

KROK 2 : Montaż belki

Bolt-M4*8

KROK 3: Montaż półki

The working face faces up.

Use 2 cable ties to fix the grid and bracket.

KROK 4: Hak montażowy

MAINTENANCE

21. Nie przeciążaj.

22. Staraj się unikać umieszczania mokrych przedmiotów na półkach.

Utrzymuj magazyn w stanie nie za mokrym .

23. Proszę co dwa miesiące sprawdzać, czy śruby nie są poluzowane.

24. Regularnie wycieraj kurz czystą szmatką i układaj przedmioty starannie na półkach .

11		Zeskant S -tappende schroef-8*60	12
12		Kabel Stropdas -12 * 250	8
13		Bout -M4 *8	8

14		Gebruiksaanwijzing	1
----	--	--------------------	---

ASSEMBLY

STAP 1-A: Installatie op massieve betonnen muren

25. Plak het positioneringspapier op de juiste hoogte, lijm het microwaterpasflesje vast om het waterpas te stellen en boor vervolgens met de drillboor de ankerpunten lichtjes uit .

26. Verwijder het positioneringspapier en boor gaten ($\Phi 12 \times 60 \text{mm}$) in de muur. (Het positioneringspapier moet 2 keer hergebruikt worden.)

27. Nadat u de resterende grond uit het gat hebt verwijderd, tikt u de expansieplug volledig in het gat.

28. Installeer en bevestig de linker- en rechterbeugel. De schroef moet volledig worden vastgedraaid en stevig worden aangedrukt!

STAP 1-B: Installatie op houten muurpaal

19. Plak het positioneringspapier op de juiste hoogte, lijm het microwaterpasflesje vast om het waterpas te stellen en boor vervolgens met de drillboor de ankerpunten lichtjes uit .

20. Verwijder het positioneringspapier en boor gaten ($\varnothing 5,5 \times 60 \text{mm}$) in de muur. (Het positioneringspapier moet 2 keer hergebruikt worden.)

21. Installeer en bevestig de linker- en rechterbeugel. De schroef moet volledig worden ingedraaid!

STAP 2: De balk monteren

Bolt-M4*8

STAP 3: Installatie van de plank

The working face faces up.

Use 2 cable ties to fix the grid and bracket.

STAP 4: Montagehaak

MAINTENANCE

25. Niet overbelasten.

26. Probeer te voorkomen dat natte items op planken worden gezet. Zorg dat het magazijn niet te nat is .

27. Controleer elke twee maanden of de schroeven loszitten.

28. Stof regelmatig af met een schone doek en schik de spullen netjes op de planken .

14		Användarmanual	1

ASSEMBLY

STEG 1-A: Installation på massiva betongväggar

29. Klistra in positioneringspapperet till lämplig höjd, limma Micro-nivåflaskan för att justera nivån och använd sedan hammaren för att lätt borra ut ankarpunkterna .

30. Ta bort positioneringspapperet och borra hål ($\varnothing 12 \times 60 \text{mm}$) i väggen. (Positioneringspapperet ska återanvändas 2 gånger.)

31. Efter att ha rensat bort den kvarvarande jorden i hålet, knacka expansionspluggen helt i hålet.

32. Installera och fixera vänster och höger fäste. Skruven måste skruvas in helt och trycks fast !

STEG 1-B: Installation på väggstolpe av trä

22. Klistra in positioneringspapperet till lämplig höjd, limma Micro-nivåflaskan för att justera nivån och använd sedan hammaren

för att lätt borra ut ankarpunkterna .

23. Ta bort positioneringspapperet och borra hål ($\Phi 5,5 \times 60$ mm) i väggen. (Positioneringspapperet ska återanvändas 2 gånger.)

24. Installera och fixera vänster och höger fäste. Skruven måste skruvas in helt!

STEG 2: Montering av B eam

STEG 3: Installation av hyllan

The working face faces up.

Use 2 cable ties to fix the grid and bracket.

STEG 4: Monteringskrok

MAINTENANCE

- 29. Överbelasta inte.
- 30. Försök att undvika att lägga blöta föremål på hyllorna. Håll lagret inte för blött .
- 31. Kontrollera och bekräfta om skruvarna är lösa varannan månad.
- 32. Damma av regelbundet med en ren trasa och ordna föremålen snyggt på hyllorna .
