Technical Support and E-Warranty Certificate
www.vevor.com/support

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

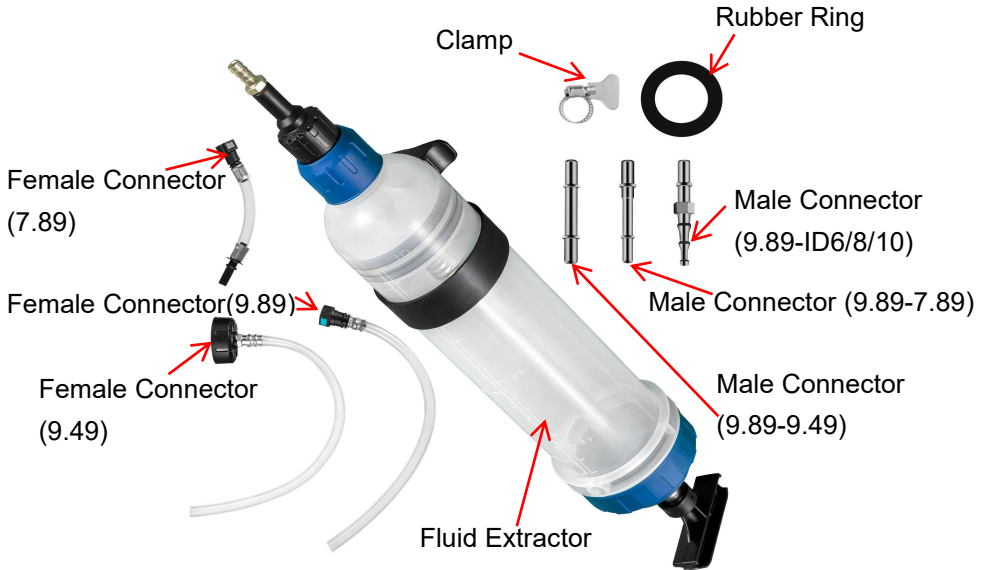

SAFETY INSTRUCTIONS

1. Please do not let children use.
2. Pay attention to personal hygiene.
3. Untrained personnel are not allowed to use the device.
4. Do not use the equipment while under the influence of narcotic drugs, alcohol and narcotic drugs.
5. Sewage must be disposed of in accordance with the regulations of the local management authority.
6. Please read the notice on the brake system before use.
7. Please wear safety goggles and watch out for brake fluid touching your skin. If fluid gets into your eyes, flush your eyes immediately and consult your doctor right away.
8. Used brake fluid or other liquids can contaminate the entire system and may cause brake system failure.
9. Don't abuse water so as not to pollute the environment.
10. The brake fluid is flammable and fire sources, including hot surfaces (such as smoke), must be avoided.

MODEL AND PARAMETERS

Model	YS-0113
Capacity	1.5L
Material	HDPE

STRUCTURE DIAGRAM

INSTRUCTIONS FOR USE

Easy to operate, helps extract and inject fluids.

NOTE: Before driving the vehicle, carefully check for leaks and test that the brakes are working properly.

MAINTENANCE

1. After use, clean with a clean, dry cloth.
2. If not in use, empty the tank of liquid. Keep the tubes and adapters clean for future use.
3. Store it in a clean, dry place out of reach of children.
