ASSEMBLY INSTRUCTIONS

CAUTION! Use extreme care when handling the Cutting Plates and the Blades! The Blades are extremely SHARP! It is suggested that you wear cut-resistant Gloves when handling the Cutting Plates.

- 1.Remove French Fry Cutter from the packaging and verify that you have received all the parts.
- 2.Remove the protective materials covering the Handle,Handle Tube and Push Bar.
- 3.Locate the Handle,Handle Bolt,Handle Washers and Handle Nuts.
- 4.Line up the holes in the Handle with the corresponding holes in the handle base of the French Fry Cutter.

5.Insert the Handle Bolt through the handle base and Handle,and then secure using the Handle Nuts and Handle Washers.(FIGURE 1)

6.To attach the Push Bars to the Handle,position the Push Bars on each side of the Handle and line up the corresponding holes.

7.Insert the Push Bar Bolt through the Push Bar and the Handle,and then secure together using a Push Bar Nut.

8.Screw up the Handle Tube with Handle.

CHANGING THE CUTTING PLATE

1.Remove the 4 Locking Nuts from the French Fry Cutter.(FIGURE 2)

2.Remove the stainless steel plate

3.Remove the blade, replace and clean it

4.Find the fixing part on the back of the push block(FIGURE 3)

Figure 3

5. Press down on the fixed rod on the back of the push block

6. Remove the push block for replacement or cleaning

Attention: The blade needs to be placed inward. The blunt part of the blade should face outward.

SUCTION CUP MOUNTING INSTRUCTIONS

To install the Suction Cup Feet to your French Fry Cutter, place the Bolt of each Suction Cup into the holes in the Feet of the French Fry Cutter. Thread it tightly (FIGURE 4). Press firmly down on the French Fry Cutter to create suction between the work surface and the French Fry Cutter. Suction Cups work best on smooth, clean horizontal surfaces. To create more of suction, a damp cloth can be swiped across the Suction Cup prior to adhering. Be certain to check the stability of the French Fry Cutter to the work surface, prior to using.

FIGURE 4

NOTE:

The Suction Cups are not meant to be used on a vertical surface. Use the

Suction Cups for horizontal mounting purposes only.

SAVE THESE INSTRUCTIONS

NOTE:

1. It is not recommended to cut sweet potatoes and tomatoes. You can cut potatoes, cucumbers, carrots, zucchini, onions, etc.
2. When cutting onions, it is recommended to cut off the ends and hard skin first before putting them into the machine.
3. It is not recommended to put the machine or accessories such as the cutter head into the dishwasher for cleaning or soaking for a long time.
