TOUGH TOOLS, HALF PRICE

Technical Support and E-Warranty Certificate www.vevor.com/support

PEEL AND STICK FLOORING

MODEL:DW5056/DW5014

We continue to be committed to provide you tools with competitive price.

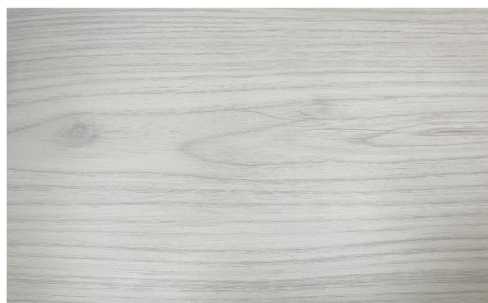

"Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

SECURITY & WARNINGS

General Safety Rules

WARNING: Please read carefully the following instructions in order to reduce the risk of injuries, accidents or damage to the product by itself.

1. When you first open the box, you will have a pungent odor. Please don't worry, this odor is non-toxic and will dissipate after a few days of use.
2. Never use corrosive detergents, wire brushes, abrasive scourers, metal or sharp utensils to clean the product.
3. Please don't put the product beside a heating plant or fires, or pour hot water on it in case of fires, burns and deformation dangers.
4. Please don't allow babies and children to put fragments of this product into their mouths.
5. Please do not put the product into the washing machine, it is recommended to wash by hand.
6. Please do not contact this product with corrosive chemicals and sharp knives.
7. Children and minors are not allowed to install this product to avoid causing personal injury
8. The safety precautions and instructions given in this manual are unable to cover all the conditions and situations that may arise in detail.
9. The operator and/or user must use common sense and caution when operating the product, especially for any matters that are not referred to above.

SAVE THESE INSTRUCTIONS

OPERATION

Before Installation:

- 1.The flooring surface must be smooth and clean from all dust or debris.
- 2.Keep the product and installation surfaces dry.

Installation Steps:

1. Start the installation through corner of the room. Stick one tip of the adhesive floor onto the surface and keep pressing slowly, wiping with a cloth or hand to ensure that the board is fixed to the floor.
2. Start installing the second row, aligned with the tip of the one you installed previously. Continue installing the other rows until close to the opposite side of wall.
3. To install the last row, turn it upside down and align it in the row on the side, resting against the wall, mark the required length and use a metal ruler and stylus to make the cut.
4. With the piece left over from the cut, start the next row, interspersing the design pattern.
5. In the last row, parallel to the floor, mark the ruler cut by placing it upside down to measure the excess that needs to be cut.
- 6.After the installation is complete, tap the joint with a rubber hammer to be more fixed.
