Frequently Asked Questions:

About carpet wrinkles:The carpet is folded for packaging and transportation. It is a normal phenomenon for the carpet to have wrinkles or shrink in size after being unpacked.

- 1.Spread the carpet flat on the ground.
- 2.Put a damp towel on the crease on the back of the carpet.
- 3.Use the most upscale preheating electric hot bucket, iron the carpet back crease.

About the Odour:As carpets are textiles,some odour are produced after production.Please place the rug in a ventilated environment and the odour will son dissipate.

About Lint:It is normal for some lint to fall off during use.Please use a Hoover to clean it.

Placement and Installation

- 1.Choose a suitable place for the carpet that is free from moisture and direct sunlight.
- 2.Make sure that the surface is clean and dry.
- 3.Use a carpet underlay to hold the carpet in place and provide additional comfort.

Common Stains and How to Remove

- Liquids:Blot up the liquid with a clean cloth.Do not rub as this could spread the stain.
- Solids:Carefully remove solid residues with a spoon or blunt knife.
- Use a vacuum cleaner to clean dust, small particles and hair from the surface of the carpet.

- Stain Remover: Use a suitable carpet cleaner and follow the manufacturer's instructions.

Care and Maintenance

- Vacuum the carpet regularly to remove dust and dirt.
- Rotate the carpet every six months to ensure even wear.
- Avoid direct sunlight to prevent the colour from fading.

Washing instructions

- Do not wring out.
- Do no Tumble Dry.
- No machine washing
- Wash hands at 30°C (86°F) water temperature and air dry naturally.
- Keep Away from Fire.
