Have product questions? Need technical support? Please feel free to contact us:

**Technical Support and E-Warranty Certificate**  
[www.vevor.com/support](http://www.vevor.com/support)

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

## SAFETY INSTRUCTIONS

**WARNING:** Always follow basic safety precautions when using these devices.

These include:

1. To prevent serious injury or death, securely install gate or enclosure and use according to manufacturer instructions.
2. Never use with a child able to climb over or dislodge /open the gate or enclosure.
3. Never leave child unattended. This product will not necessarily prevent all accidents.
4. Use only with the locking /latching mechanism securely engaged.
5. This product is intended for use with children from 6-24 months or small to medium pets.
6. Incorrect fitting or positioning of this gate can be dangerous. **Never let go of handle when the gate is retracting ! (High resilience)**
7. This safety gate must **NOT** be fitted across window openings and the like.
8. **Do NOT** use the safety gate if any components are damaged or missing.
9. Install this away from heaters and other sources of heat.
10. Always check that gate is locked after closing gate.
11. If the gate is used at the bottom of stairs to prevent the child from climbing up the stairs, it must be placed on the lowest stair.
12. If the gate is used at the top of stairs to prevent the child from fling down the stairs, it **MusT BE POSITIONED 7.87in BACK** from the top step.
13. The safety gate must be fitted between rigid surfaces such as plaster board, timber or hardwall.
14. You **MUST** install mounting hardware to keep gate in place.
15. Without mounting hardware child can push out and escape.
16. **NEVER** use to keep child away from pool.

## COMPONENTS

Short Screw Plugs\*12(For concrete walls)

Long Screws\*4 (Need two, two more)

Short Screws\*8 (Need Six, two more)

# INSTALLATION

Note:

1. Thank you very much for purchasing this product.
2. The entire installation process takes about 20 minutes, please read the installation manual patiently, find the corresponding components and select the right location to be installed.
3. Please prepare an electric screwdriver and marker pen before install.
4. The product must be installed on the ground to better realize the separation function.

1. Main body Gate.

2. Install the two Brackets on the Gate.

3. Peel off the Paper of Adhesive tape from the two Brackets.

4.1 Select the installation location, make sure the bottom of the main body door Gate is on the ground.

4.2 Select the installation location, make sure the bottom of main body door gate is on ground.  
If there are baseboard on the wall, pls slide lower Bracket up to the suitable position until go around the baseboard.

5. Take out door gate from the 2 brackets according to the arrow .

6. Mark the holes position of the two brackets and then pull out the two brackets from wall.

7. Drill holes of with an electric drill as the marks.

8. Insert the expansion plugs to all holes.

9. Drill the two Brackets to wall as the holes.

10. Install Gate to upper Bracket as the arrow

11. Install Gate to Lower Bracket as the arrow, please make sure install Gate to upper Bracket at first then install Gate to Lower Bracket .

12. Pull the cloth horizontally to the opposite door frame to find the installation position of lower latches.

13. Lock the fixed position of the door rail.

14. Insert the gate to the lower fixing; head, and find the installation position (make sure the net is vertical) And mark the holes position.

15. Insert the gate to the upper fixing head, and find the installation position (make sure the net is vertical) And mark the holes position.

16. Pull the cloth, then press the button to unlock, let the cloth roll back.

17. Drill the Lower Fixing Head to wall according to the marks. Drill a 2.5mm pilot hole at each pencil mark for timber surface. And for hard wall drill a 5mm hole and insert plugs. Note for all other surfaces use suitable fixing

## 18 PLEASE CHOOSE ONE OF THE INSTALLATION METHODS ACCORDING TO THE ACTUAL CONDITION OF YOUR HOME WALLS

18.1 If there are no baseboard/skirting on the wall, Drill the Upper Fixing Head to wall according to the marks. Drill a 2.5mm pilot hole at each pencil mark for timber surface. And for hard wall drill a 5mm hole and insert plugs.

18.2 If there are baseboard/skirting on the wall, Pls add suitable thickness mat to Upper Fixing Head and Drill it to the wall according to the marks. Upper Fixing Head with Thick Mat for using the maximum thickness baseboard is 1.5cm.

18.3 If there are baseboard/skirting on the wall, Pls add suitable thickness mats to Upper Fixing Head and Drill it to the wall according to the marks. Upper Fixing Head with Thick Mat and Thin thickness baseboard is 2cm.

19. The installation is complete Enjoy your gate!

20. Enjoy your gate!

## HOW TO USE

## SUCTION CUP CLIP

## PARTS REQUIRED

**Note: Only 110inch(YJ-33110) have the suction cup clip!**

Thank you very much for purchasing this product  
The entire installation process takes about 20 minutes.  
Please read the installation manual patiently, find the corresponding components and select the right location to be installed.

**Note: The suction cup clip is optional to install for better stability.**

## Steps for installing on flat ground

(Tools you need to prepare: cleaning cloth)

1. Pull the gate first determine the installation position, and wipe the need to install the position with a cloth.

2. Choose a suitable position on the double-layer mesh below the mesh gate, and use scissors or use a screwdriver to cut a small hole of about **0.19 inches**.

3. Press the screw and thread it through the mesh cloth, and finally tighten it.

4. Finally, press it on the ground, Done!

## Installation steps on not flat positions

1. Pull the gate first determine the installation position.

2. Choose a suitable position on the double-layer mesh below the mesh gate, and use scissors or use a screwdriver to cut a small hole of about **0.19 inches**.

3. On not flat ground is not suitable, and the bottom of the suction cup needs to be installed with iron sheet.

4. Tear off one side of the Double-sided tape and stick it to the bottom of the iron sheet.

5. Press the screw and thread it through the mesh cloth, and finally tighten it.

6. Tear off the bottom Double-sided tape and press the clip to the ground.

7. Done!

## MAINTENANCE

1. Clean by using a sponge with warm water or mild detergent.
2. DO NOT use abrasive cleaners or bleach.
3. Check the gate regularly to ensure all hardware and mounts are securely tightened.

Hai domande sul prodotto? Hai bisogno di supporto tecnico? Non esitare a contattarci:

#### **Supporto**

**tecnico e certificato di garanzia elettronica [www.vevor.com/  
support](http://www.vevor.com/support)**

Questa è l'istruzione originale, si prega di leggere attentamente tutte le istruzioni del manuale prima di utilizzare. VEVOR si riserva una chiara interpretazione del nostro manuale utente. L'aspetto del prodotto sarà soggetto al prodotto ricevuto. Vi preghiamo di perdonarci se non vi informeremo di nuovo se ci sono aggiornamenti tecnologici o software sul nostro prodotto.

## ISTRUZIONI DI SICUREZZA

**ATTENZIONE:** seguire sempre le precauzioni di sicurezza fondamentali quando si utilizzano questi dispositivi.

Questi includono:

1. Per prevenire lesioni gravi o morte, installare in modo sicuro il cancello o la recinzione e utilizzare secondo le istruzioni del produttore.
2. Non utilizzare mai con un bambino in grado di arrampicarsi o disallacciare/aprire il cancello o allegato.
3. Non lasciare mai il bambino incustodito. Questo prodotto non impedirà necessariamente tutti incidenti.
4. Utilizzare solo con il meccanismo di bloccaggio/aggancio saldamente inserito.
5. Questo prodotto è destinato all'uso con bambini dai 6 ai 24 mesi o piccoli

per animali domestici di media taglia.

6. Un montaggio o posizionamento non corretto di questo cancello può essere pericoloso. **Non lasciarlo mai andare della maniglia quando il cancello si sta ritraendo! (Alta resilienza)**

7. Questo cancelletto di sicurezza **NON** deve essere installato su aperture di finestre e simili.
8. **NON** utilizzare il cancelletto di sicurezza se uno qualsiasi dei componenti è danneggiato o mancante.
9. Installare lontano da caloriferi e altre fonti di calore.
10. Dopo aver chiuso il cancello, controllare sempre che sia bloccato.
11. Se il cancelletto viene utilizzato in fondo alle scale per impedire al bambino di salendo le scale, bisogna posizionarlo sul gradino più basso.
12. Se il cancelletto viene utilizzato in cima alle scale per impedire al bambino di lanciarsi scendendo le scale, **DEVE ESSERE POSIZIONATO** a 20 cm **INDIETRO** dal gradino più alto.
13. Il cancelletto di sicurezza deve essere montato tra superfici rigide come l'intonaco pannello, legno o pannello rigido.
14. È **NECESSARIO** installare l'hardware di montaggio per mantenere il cancello in posizione.
15. Senza l'hardware di montaggio il bambino può spingersi fuori e scappare.
16. **NON** usare **MAI** per tenere i bambini lontani dalla piscina.

Utseendet på produkten är beroende av den produkt du fått. Ursäkta oss att vi inte kommer att informera dig igen om det finns någon teknik eller mjukvaruuppdateringar på vår produkt.

## SÄKERHETSINSTRUKTIONER

**WARNING:** Följ alltid grundläggande säkerhetsföreskrifter när du använder dessa enheter.

Dessa inkluderar:

1. För att förhindra allvarlig skada eller dödsfall, installera porten eller höljet säkert och använd enligt tillverkarens instruktioner.
2. Använd aldrig med ett barn som kan klättra över eller lossa/öppna grinden eller inhägnad.
3. Lämna aldrig barnet utan tillsyn. Denna produkt kommer inte nödvändigtvis att förhindra allt olyckor.
4. Använd endast med lås-/spärrmekanismen ordentligt inkopplad.
5. Denna produkt är avsedd att användas med barn från 6-24 månader eller mindre till medelstora husdjur.
6. Felaktig montering eller placering av denna grind kan vara farligt. **Släpp aldrig taget av handtaget när grinden dras in! (Hög motståndskraft)**
7. Denna skyddsgrind får **INTE** monteras över fönsteröppningar och liknande.
8. Använd **INTE** säkerhetsgrinden om några komponenter är skadade eller saknas.
9. Installera detta på avstånd från värmare och andra värmekällor.
10. Kontrollera alltid att porten är låst efter att porten stängts.
11. Om grinden används i botten av trappor för att förhindra att barnet klättrar uppför trappan ska den placeras på den lägsta trappan.
12. Om grinden används högst upp i trappor för att förhindra att barnet kastar sig ner för trappan, **MÅSTE den VARA 7,87 tum BAKÅT** från det översta steget.
13. Skyddsgrinden ska monteras mellan styva ytor såsom puts skiva, timmer eller hårdvägg.
14. Du **MÅSTE** installera monteringsutrustning för att hålla grinden på plats.
15. Utan monteringsbeslag kan barnet trycka ut och fly.
16. Använd **ALDRIG** för att hålla barnet borta från poolen.
